**M**EN'S Minds are inclined to be Practical, which accounts for their Appreciating Practical Gifts.

At Christmas time more than any other this is really the women's store as much as it is at all times the Men's Store.

Because, after tiresome searching in vain elsewhere fifty per cent of the women Christmas shoppers return here and buy, knowing that men friends and relatives will most appreciate a gift from a Men's Store.

Grover Howell, white, an escaped inmate of the aGillpollis hospital for epileptics, calmly and deliberately shoved Zack Monday, a colored fellow workman on the steamer Greyhound, off the boat while it was lying at the local wharf Thursday morning, says the Ironton Irontonian.

Thomas Jordan was sentenced last Friday to serve 14 years at hard labor in the penitentiary for killing Will Bowen on the 21st day of March. This is one of the most foulst crimes ever committed in Martin county. All that saved Jordan from a life sentence and maybe higher one was that the Commonwealth failed to get their star witness who resides in West Virginia, the only eye witness they had to the killing.

Fullerton, Ky., Dec. 20—That the Winchester still holds its honored place as the most trusty fire-arm, was demonstrated Thursday evening, when John Owens pumped three bullets into the body of George Devoe, the affray happening at the latter's shanty boat, near Zion station, 2 1-2 miles above Fullerton, Greenup county, Ky.

The shooting was the outcome of a feud that has existed between the Owens and Devoes for some time, and of which an interesting chapter was written in blood.

The authorities of Greenup county have what is purported to be a confession from James Longhena who claims to have murdered a man named Jordan Harris at Nigger Hill twelve years ago. He says he went to the home of Andy Horner for the purpose of killing him but shot Harris by mistake. Horner was arrested for the crime, was tried and convicted and sent to the penitentiary. While incarcerated he was taken seriously ill and was pardoned from the penal institution by Governor Bradley.

It is said that W. H. Bowling, a detective from Carter City received the confession and that he has in on file in the office of County Clerk E. E. Fullerton.

Deputy Collectors G. W. Castle, H. C. Herndon and Ora Kash accompanied by Deputy U. S. Marshal Sam Jackson and Geo. Tabor, destroyed a moonshine still about two and one-half miles north of here Wednesday.

The still, two tubs of beer and a quantity of meal were found hidden in fodder shocks within a few yards of the residence of Harry Crisp.

The still was made of two common zinc wash tubs riveted together with a genuine copper worm attached, and from appearances a run had just been made.

The entire outfit was completely destroyed.

The officers believed they had located another still in the same neighborhood and left at daybreak yesterday morning hoping to capture it and the parties who operate it.—Mountain Echo.

## Hospitals Use Pe-ru-na.

SISTERS OF THE GOOD SHEPHERD, MONTREAL

We give below a few of the letters received from different hospitals in Canada:

Among these institutions is that of the Sisters of Good Shepherd, who gave the following endorsement:

Montreal, Aug. 30, 1908.  
 The Peruna Company, Columbus, O.

Having used Peruna for the past few months, for our sick and poor, we are happy to say that it has given us great satisfaction.

THE SISTERS OF THE GOOD SHEPHERD.

After a continued use of the remedy, this institution has found no reason to change its good opinion of the remedy and expresses its satisfaction in the following terms:

Montreal, Nov. 7, 1908.  
 We found Peruna a relief in several cases.

We can say it is a good tonic and we are very thankful.

SISTERS OF THE GOOD SHEPHERD.

When catarrh once fastens itself upon the system it becomes an obstinate disease to eradicate.

A systemic remedy—one that reaches every internal organ of the body—is an absolute necessity.

Peruna is just such a remedy. It searches out the cause of the disease, healing and strengthening the mucous membranes, and thus giving Nature an opportunity to perform her part of the restorative process.

A gentleman from Pike county, discussing the timber condition in upper Sandy Valley, said there is in his opinion fully as much timber cut and ready for market in the river and along its tributaries right now as was brought out last year when there was such an unprecedented run.

He says that all the way from Buchanan, Va., to Pikeville, the river is lined with rafts. The logs came off the head water of the river and have been rafted and run part of the distance and tied up to await a more favorable aspect in money conditions, but that when things look brighter we may expect millions of logs come teeming out of Sandy.

One of the many hospitals which have found Peruna of value in treating old and obstinate cases of catarrh is the Hospital St. John, who write as follows:

"We are happy to tell you that your Peruna has given us satisfaction. Three patients have tried it, one 66 years old, Renoult Dupuis, afflicted with catarrh, is much relieved, more than he has been for a number of years.

"A young girl, 15 years old, had an obstinate cough, which half a bottle of Peruna caused to disappear.

"As to myself, two bottles have convinced me that Peruna is magnificent as a tonic.

"Before the treatment I could not walk for a quarter of an hour without experiencing much fatigue. Now I can walk a mile easily.

"Through these three cases we desire to make known to the public the efficiency of your remedy."

Hospital St. John, of St. John's, Province of Quebec.

A later letter read "all from the same institution reads as follows:

"Three weeks ago I wrote to tell you how satisfactory we found Peruna. We recommend it highly for colds, coughs, catarrh and neuralgia.

"I have used it myself as a tonic with the best results, taken as directed, half a teaspoonful every half hour."

## Cough Caution

Never, positively never poison your lungs. If you cough—ever from a simple cold—only—use Dr. Shoop's Cough Cure. Don't blindly suppose it with a coughing person. It's strange how you think really some about. For twenty years Dr. Shoop has constantly warned people not to take cough medicines or prescriptions containing Opium, Chloroform, or similar poisons. And now a little this through—Dr. Shoop says "Put it on the table if you are in your Cough Medicine." Good! Very good! It shows that he is very responsible, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's label—and none in the medicine, who is most likely to be on the label. And it is not only safe, but it is said to be by those that know it best. A truly remarkable cough remedy. Take to eliminate them, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding
